## ANIMAL WELFARE IS IN OUR DNA

Every animal receives individual care based specifically on their environmental, dietary, health and behavioural needs.

€1 from every ticket sold is donated to conservation projects supported by the Parc Zoologique & Botanique.

Your contribution helps us support over 40 charities and NGOs working day in, day out to protect endangered species.

**Better understanding, better protection!**

## 4 GOLDEN RULES SO EVERYONE CAN ENJOY THEIR DAY OUT

- 1 The animals eat at feeding time! Please do not feed the animals.
- 2 Nobody will answer if you tap on the glass! Do not make loud noises near the enclosures and do not tap on the glass.
- 3 Help us safeguard our Remarkable Garden! Please stay on the paths to protect the plants.
- 4 Let's keep the Parc clean! Please dispose of litter in the bins provided.

Where are all the animals? Animal welfare is our priority, so they have their own private dens or houses to relax in. Join our activities and meet your favourite species!
